01
High-Glossy

It is a glossy product thanks to the ASA surface which is highly glossed. By combing various designs and colors, it can be used to create an elegant interior. It is commonly used for doors.

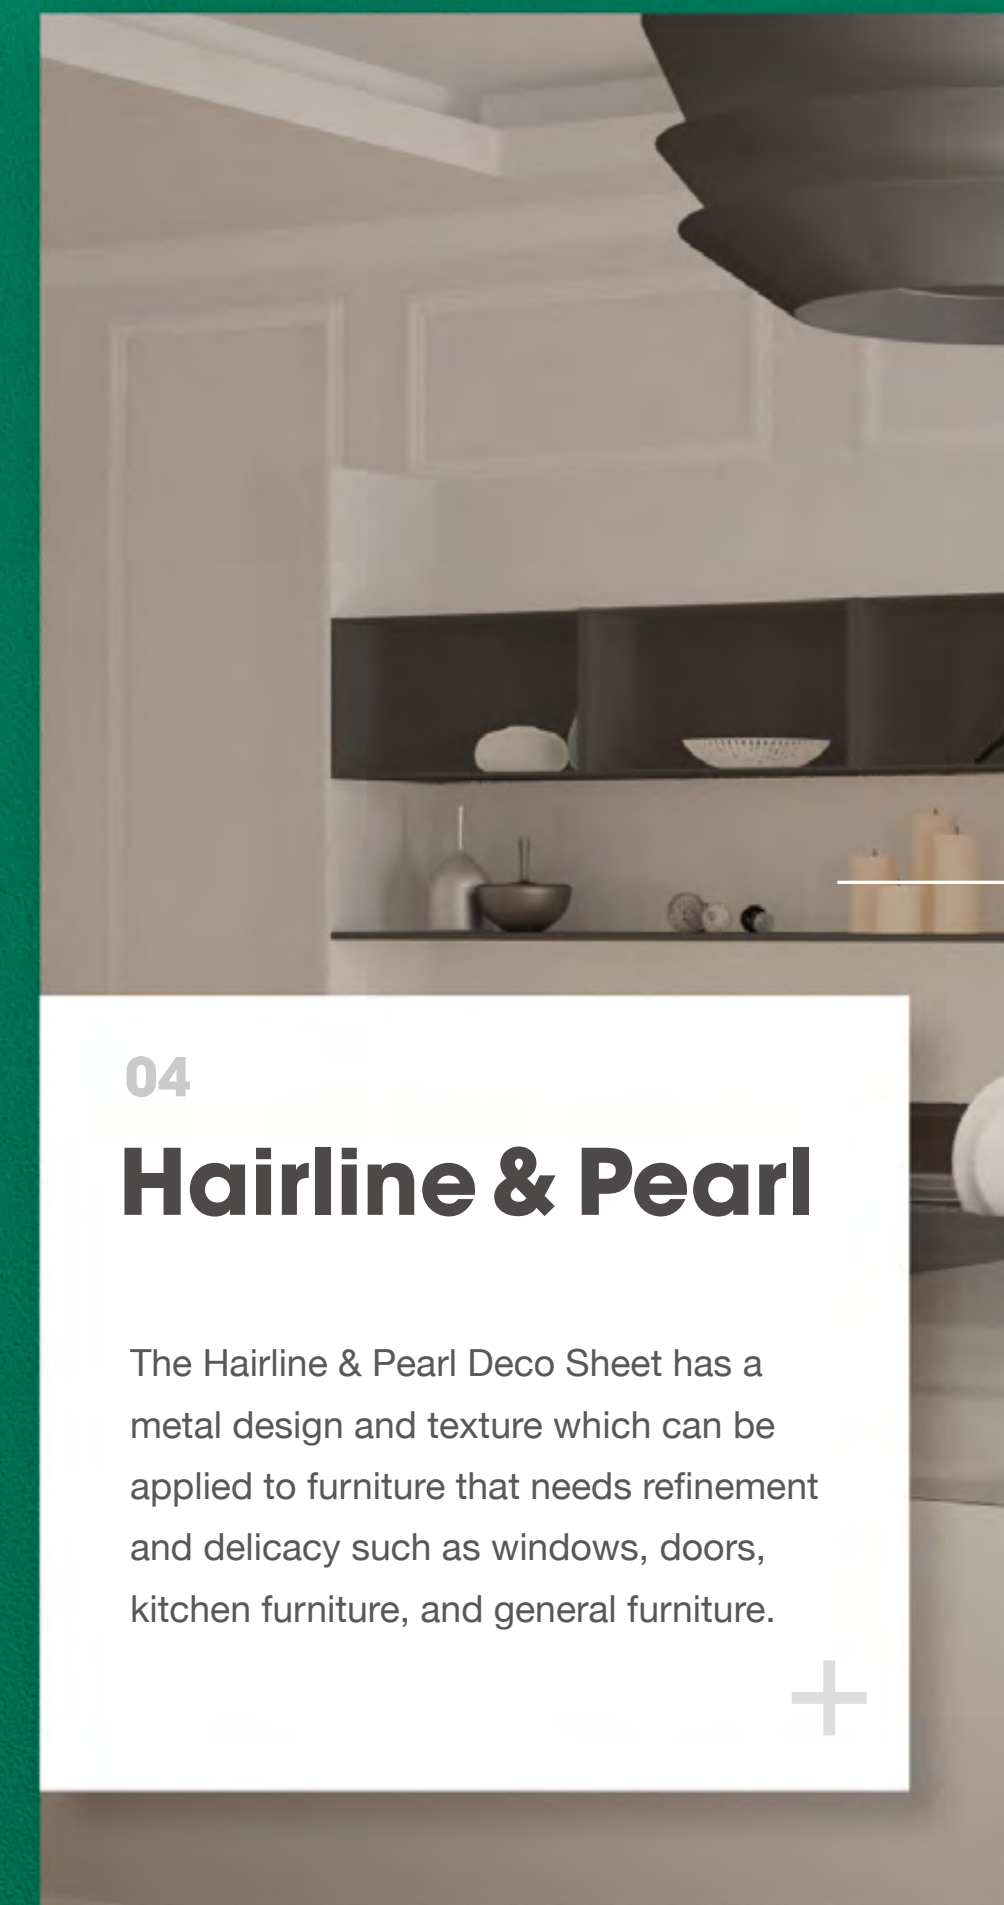

02
Matt

This is a modern product which is not glossy. It can be used to create elegant interiors by combining different designs and colors. It is widely used for various purposes.

03
Pattern

The design of the sheet combines natural materials and geometric patterns to bring out the best of your interior and is different from the other sheets. It can be applied for different occasions by using different patterns.

04
Hairline & Pearl

The Hairline & Pearl Deco Sheet has a metal design and texture which can be applied to furniture that needs refinement and delicacy such as windows, doors, kitchen furniture, and general furniture.
